Yellow or gold paper or pens for a star

Brown paper or pen for the tree stump

1. Fold A4 card in half
2. Cut all different colours of paper (or colour on your own white paper) into thin strips
3. Criss-cross your strips of paper and stick them down
4. Make sure the pieces of paper get shorter as you go up the tree, so that it makes a triangle shape
5. Do you want to add any baubles, tinsel, lights, a star, an angel or a tree stump?

Christmas tags

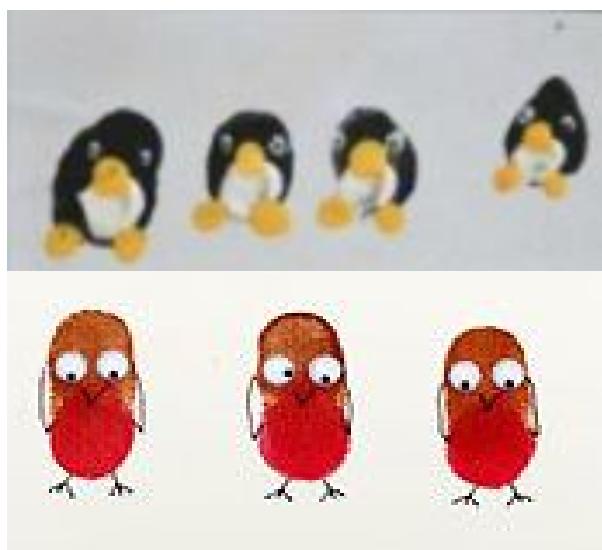

You will need:

Paints

Pens

Thick paper or card

String, ribbon or tape

1. Fold an A4 paper or card in half, half again, half again and half again.
2. Open up the paper/card and cut along the fold lines - now you have your tags to decorate.
3. Dip just the tip of your fingers into paint - brown for reindeer, white and black for penguins or all different colours for baubles or lights. Let your paint dry - this is important!
4. Get a thin black pen to add outlines and details to your finger tip prints - join them up with swirls for lights, add faces for penguins and add antlers for reindeer.
5. Use a hole punch or a pen/pencil to poke a hole into one end of the tag.
6. Thread string through the hole and tie a knot to put the ends together.

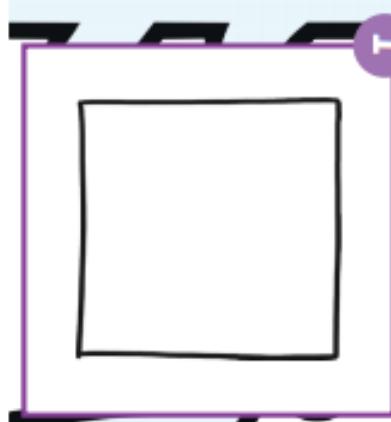

Paper Snowflake Craft

Start with a square piece of paper.

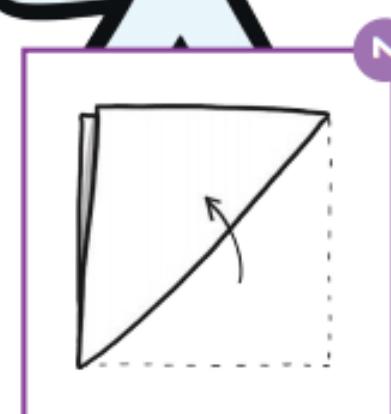

Fold the paper in half to make a triangle.

Fold the paper in half again.

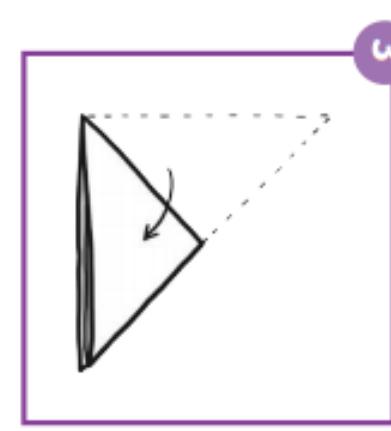

Make a fold a third of the way across the triangle.

Fold the other side over to create an arrowhead shape.

Make additional cuts like the ones below.

Unfold to reveal your snowflake!
