

# SEN Intent -

At Wansbeck Primary school our intention is to ensure that all children with special educational needs and disabilities receive a high-quality and ambitious curriculum which enables them to grow, develop and thrive within a happy and secure environment, where their needs are met in the highest standards and children can become equipped with the tools needed to achieve to their full potential and become independent and inquisitive learners both inside and outside of the classroom.

Our SEN Curriculum is designed to:

Ensure all children have access to a broad and balanced curriculum which is differentiated to enable children to understand the relevance and purpose of learning.

Provide an accessible learning environment which is tailored to meet the needs of *all* pupils.

Provide multi-sensory opportunities for children to widen their experiences and deepen their learning.

Academic

Widen children's social experiences and develop their independence and life skills, equipping them with the tools they need to be successful in life beyond primary school.

Develop social interactions by giving children the tools to develop their speech and language.

Social

Develop emotional resilience and help develop self-confidence and supports children in feeling valued and included within the school community, providing them with strategies to help them to thrive.

Emotion

Empower all pupils to understand their emotional selves and become self-regulating and understand their own and others' emotions.

Have high expectations and aspirations to meet the needs of all pupils, regardless of their needs or disability. Any barriers to learning are identified early and the curriculum is adapted to ensure that all learners can access a rich and ambitious curriculum.

"Different journey - same destination"
